Kab. Pamekasan, Jawa Timur

SUMMARY

I am a passionate about science. I love everything to do with counting. I am often choosen as leaderman in every education that I have passed.My life journey is quite challenging because I have to go through the twists and turns of life starting from experiencing failure and also wandering away from my family. but that's what allowed me to grow until now.

EXPERIENCE

Web Developer   01/2023 - 03/2023
Weirditor

- I'm a web developer at weirditor. My first project was the development of a landing page website and an online library at an Islamic boarding school in Pamekasan, namely Stidky Al-Hamidy.

IOT Developer   03/2021 - 04/2021
temperature checker integration with website.

- I made a smart device that measures the temperature of water with the help of DS18B20 and esp32 temperature sensor technology connected to the website.

EDUCATION

Informatic engineering   2023
University of Muhammadiyah Malang - Bachelor's degree

- GPA : 3.89
